11 December 2009

Dear *Acutus*

We are delighted to once again be the beneficiary of Acutus' Christmas Charity Donation

Thank you very much for your generous donation of £10,000 to SOS Children. This kind continued support to SOS Children's Village Basse in The Gambia, is greatly appreciated.

During 2009 every penny of your Christmas 2008 contribution has been allocated to the SOS Primary School located within Basse Children's Village, attended by orphaned children who have found a loving family home there, as well as many more children in the wider community of Basse.

A further £10,000 this forthcoming year will fund the salaries of four teachers at the school, ensuring a quality education for 156 pupils in grades 1- 4.

The gift of education to these children living in a poor region of Eastern Gambia is so valuable and will enable a better future for themselves and their families.

We wish everyone at Acutus a wonderful Christmas and a happy and healthy New Year

Kind regards

Caroline Baker

For 60 years, SOS Children has been providing a family for life for children who have lost their parents through conflict, famine, disease and poverty. Over 78,000 orphaned or abandoned children are cared for by SOS mothers in family homes in 500 children's villages, in 124 countries worldwide.

A further million benefit from SOS Children's outreach support which includes education, vocational training, medical care and community development programmes.
